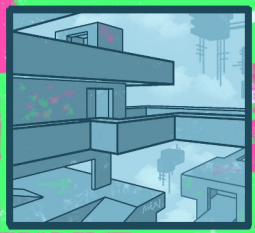
IT'S NOT NECROPHILIA IF THEY WERE ALIVE WHEN IT STARTED.

The whole team's eating in Replaceable Parts, where today's champion is tomorrow's appetizer. And when the feast is done, the real fun begins - putting those old and new holes to good use. But if you missed out, your teammates look just as tempting...

Explore sprawling levels with danger at every turn.



Buy, barter, and steal your way from pistols to phosphorus.

Wage all-out war with sisters around the world.
